to three hundred dollars less than any other First Class House.

The none of these instruments are remarkable for their peculiar Sweetness and Great Brillancy, never losing their quality when fereed to their usunost capacity. The lower register retaining its positiveness, does not destroy the middle and upper registers by mingling with them in disagreeable confusion, the refined beauty of tone being equally delightful to the unpracticed and to the most cultivated ear.

They are an entirely new style of Piano, finished in the most superb manner, with four fatround corners front and back, heavily carved legs and Lyre Serpentine Rase righty moulded, and each instrument is fully warranted for five years.

lion franc loan is remarkable. The two gentlemen named worried the Bey for two years before he consented to borrow their money, and then, after deducting nine millions for discount, commission and an old debt, they paid him twentysix millions in his own worthless assig-

The International Conference report on weights, measures and coins was recently called to the attention of the British House of Lords by Earl Fortescue, who complained of the inconveniences of the legal standards of England, more especially as the greatest commercial na-tions had adopted the decimal and metric Lord Overstone said the question of international coinage had been referred to a commission of such influence and authority that, if its report was at all unanimous, no one would probably object to its adoption. Before attempting to introduce a uniform standard of weights and measures all over the world, t would be better to establish one in England. He believed all the authority ompany is allotted to this locality, and those of the French Government had failed to SPRING BEDS enferce one throughout France, and hebelieved it would be totally impossible in England. The Earl of Malmesbury said there would be no objection to pub lish the report, but he believed that legislation on this question would be mos
